

CURRICULUM VITAE

Ali Azizi

1. Personal Information

Surname: Azizi

Forename: Ali

Title: M.D, M.P.H, Community Medicine Specialty

Sex: male

Date of Birth: 24- 07- 1965

Iranian Medical Council Registration: 40222

2. Contact Information

Email: aliazizi@kums.ac.ir; atwsm296@gmail.com

Educational address: Department of Community & Family Medicine, Kermanshah University of Medical Sciences, Kermanshah, Iran.

Work Phone Number: +98 (83)34274622

Mobile phone number: +989183391884

3. Education and Training

1. **Board of Preventive and Community Medicine**, Shahid Beheshti University of Medical Sciences, Tehran, Iran (22 September, 1998)
2. **Master of public health**, Tehran University of Medical Sciences, Tehran, Iran (22 September 1996)
3. **Doctorate in Medicine**, Shahid Beheshti University of Medical Sciences, Tehran, Iran (22 August 1993)

4. Present Position:

1. **Associated Professor of Preventive and Community Medicine**, School of Medicine, Kermanshah University of Medical Sciences
2. **Society Membership:** Iranian Association of Preventive and Community Medicine.

5. Professional Experience

1. Teaching different courses on communicable and non-communicable diseases epidemiology, Basic epidemiology, Family planning, Maternal and child health, Principles of Health Services, public health, Family Medicine, Evidence Base Medicine (EBM) and Apprenticeship and internship Health and Community Medicine Courses for medical students (since 1998).
2. Workshop of "EBM ", Kermanshah University of Medical Sciences (since 2016).
3. Working as general practitioner in Rural and Urban areas in Kermanshah province. (September 1993 to September 1995).

Directing of Thesis (Medical Student and Postgraduate):

Supervisor: (medical students)

1. Community Satisfaction of Community-Based Medical Education in Kermanshah-2002
2. The Frequency of Major Complaints of Patients Referred to Specialized Clinics in Kermanshah Community Medical Education, 2004
3. Knowledge, Attitude and Practice of Married Women Covered by Kermanshah Community-Based Medical Education about the Use and Maintenance of Sodium Yadar-2004
4. Spirometer results in Kermanshah flour factory workers, 2005
5. Evaluation of Prenatal Care in Women Covered by Samen Clinic, 2005
6. Evaluation of malnutrition status in 2–6-year-old children covered by Imam Khomeini Relief Committee in Kermanshah, 2006
7. Determination of Hearing, Visual and Lumbar Status in Drivers Referred to Samen Health Center of Kermanshah-2006
8. Frequency Distribution of Cesarean Causes in Women Covered by Samen Clinic, 2006
9. Evaluation of the reasons for not using contraceptive methods by focus group discussion (FGD) in women with family planning conditions referred to Haji Daei health center in Kermanshah, 2007

10. A Management Model for Controlling Wednesday Night Surprise in Kermanshah City. Master of Science Degree in Urban Crisis Management, 2007
11. Prevalence of musculoskeletal disorders among packaging workers in Kermanshah factories in 2012
12. Frequency of Causes of High-Risk Pregnancy in Pregnant Women in Songhor, 2011
13. The relationship between unwanted pregnancy and quality of life in pregnant women, 2013
14. Epidemiology of lower extremity bone fractures in patients referred to Taleghani Hospital of Kermanshah, 2014
15. Determination of maternal factors related to preterm birth - A case-control study
16. Determination of neonatal hearing loss and its risk factors in Kermanshah, 2013
17. Prevalence and Causes of Mental Disorders in Pregnant Women in Kermanshah, 2016
18. Prevalence of cutaneous leishmaniasis in patients referred to Haji Daii clinic of Kermanshah, 2014
19. Prevalence of tobacco use and its related factors among male students of Kermanshah University of Medical Sciences, 2015
20. The combined effect of spinach and okra on sex hormones LH, FSH, DHT Testosterone (DHEA) in obese men and women with type II diabetes, 2020
21. Evaluation of some epidemiologic factors of ovarian cancer in women referred to Imam Reza Hospital from 2006 to 2019, 2020

Supervisor: (Resident)

1. A Comparative Study of the Impact of Virtual Education (Mobile Phones) and Traditional (Face to Face) Life-Based Education on Attitude toward Substance Abuse in High School Male Students in Kermanshah, 2019
2. Comparative Study of Attitude and Practice of Diabetic Patients about Medicinal Plants Consumption and Classical Treatment of Type 2 Diabetes in Kermanshah

Advisor: (Medical students)

1. Epidemiology of Brucellosis in Population Covered by Mahidasht Health Center during 2007-2008
2. Frequency of causes and factors affecting mortality in hospitalized patients in Imam Reza Hospital of Kermanshah from 2013 to 2018

Advisor: (Resident)

1. Comparison of Immunohistochemical (IHC) and Fluorescent In situ Hybridization (FISH) methods for correctly detecting HER2 / NEU gene overexpression in paraffin-embedded breast cancer patients, 2018
2. Assessment of Occupational Violence Types and Predisposing Factors and the Impact of Violence Psychology Training on Preventing Emergency Personnel in Kermanshah in 2017, 2018
3. Expression of c-Kit marker (CD117) in patients with squamous cell carcinoma and basal cell carcinoma, 2018
4. Evaluation of GATA3 marker expression in breast carcinoma and its relation with some pathological features of breast cancer, 2019

5. Comparing the Effect of Virtual and Practical Training on the Performance of Military Personnel in Cardiopulmonary Massage, 2019

6. Published Articles

1. Azizi A, Almasi A, Fakhri M. Survey of Iodine in the consuming dietary salt in Kermanshah (Winter 1999). Behbood 2001; 5(10): 18-13.

7. Congress & Conferences

1. Azizi Ali, Naseripour Massoud, Mansouri Feyzollah, Azizi Ali, Alikhani Afshin, Fakhri Mahmoud, Soraya Syabani, Hashemian Amir Hossain. A Look at the Activities of Community Education in Kermanshah University of Medical Sciences. The First Public Health Congress on Prevention. December 3, 2000, Kermanshah- Oral
2. Fakhri Mahmoud, Naseri pour Massoud, Mansouri Feyzollah, Azizi Ali, Diamond Ali, Soraya Siabani, Alikhani Afshin, Hashemian Amir Hossain. Evaluation of Anemia in Population Covered by Kermanshah Community Medical Education. The First Congress of Public Health on Prevention and Prevention. 3-1 December 2000, Kermanshah- Oral
3. Naseri Pour Massoud, Mansouri Feyzollah, Diamond Ali, Azizi Ali, Soraya Siabani, Alikhani Afshin, Hashemian Amir Hossain, Fakhri Mahmoud. Frequency distribution of abnormal light reflexes in 45 years old and over population covered by medical education in Kermanshah 1378. Second National Congress of Public Health and Prevention. November 18-15, 2001, Kermanshah - Oral
4. Naseri Pour Massoud, Mansouri Feyzollah, Diamond Ali, Azizi Ali, Alikhani Afshin, Soraya Siabani, Hashemian Amir Hossain. Evaluation of Fasting Blood Sugar, Cholesterol, Hematologic Factors and Analyzes of Patients Covered in Medical Education in Kermanshah, 1999. Second National Congress of Public Health and Prevention. November 18-15, 2001, Kermanshah- Oral
5. Montazeri Nusratullah, Azizi Ali. Frequency distribution of mental illnesses in elderly clients of Fariba Psychiatric Center in Kermanshah 2000. The Second National Congress of Public Health and Prevention. November 18-15, 2001, Kermanshah- Oral
6. Daneshvar Kayomars, Azizi Ali. Comparison of the Effect of Wheat Bran Powder and Fresh Vegetables on Metabolic-Physicochemical Properties of Excretion in Colon. Iranian Journal of Endocrinology and Metabolism Autumn 2001. Congress of Fasting and Health. September 20-28, 2001, Tehran- Oral
7. Almasi Ali, Azizi Ali. Community Satisfaction in Community-Based Medical Education in Kermanshah (2002). Second National Conference on Comprehensive Quality Management in Health Care and Medical Education. December 30, 2003, Tehran- Oral
8. Daneshvar Kayomars, Azizi Ali, Moradi Shahin, Abdoli Gholamreza. Investigation of Relationship between Dental Index (DMF) and Nutritional Status of Primary School Children in Kermanshah

- (2003). Journal of Oriental Medical Research, annex 1, winter 1383. Second Annual Epidemiology Congress. February 8, 2004, Zahedan: p. 124. - Oral
9. Abdoli Gholamreza, Azizi Ali. Investigating the Growth Rate and Estimation of Population of Iran in 2004 and 84 by Region, Gender and Age Groups. Proceedings of the 7th Iranian Conference on Statistics. 2-4 September 2004, Allameh Tabataba'i University, Tehran: p. 231. - Oral
 10. Abdoli Gholamreza, Azizi Ali. Assessment of Satisfaction of Imam Khomeini Relief Committee on Medical Services and Comparison with Satisfaction of Pensioners, Belgians and Social Workers in Kermanshah Province. Proceedings of the 8th Iranian Conference on Statistics. August 31 to September 2, 2006, Shiraz University: p. 165- Oral
 11. Daneshvar Kayomars, Azizi Ali. The Effect of Wheat Bran Powder on the Physicochemical Properties of Stool and Chronic Constipation Colonocytes Metabolism in Patients with Obesity. Article abstracts of the 9th Iranian Nutrition Congress. September 16-17, 2006, Tabriz: 72. - Oral
 12. Daneshvar Kayomars, Azizi Ali. The study of the effect of quantitative diets in comparison with the effect of qualitative diets in the treatment of obesity. Article abstracts of the 9th Iranian Nutrition Congress. September 6, 2006, Tabriz: 353. - Oral
 13. Daneshvar Kayomars, Azizi Ali. The effect of fresh vegetables on the physico-chemical quality of stool and chronic constipation in people with obesity. Proceedings of the 9th Iranian Nutrition Congress, September 5-13, 2006. Tabriz- Oral
 14. Daneshvar Kayomars, Azizi Assessment of Body Mass Index (BMI) as an Important Anthropometric Indicator in Nutritional Status Assessment of Primary School Children in Kermanshah. Proceedings of the 9th Iranian Nutrition Co- Oral ngress.16-13 September 2006, Tabriz- Oral
 15. Diamond Ali, Azizi Ali. Environmental status of the population covered by Shahid Rajaee Therapeutic Center in Kermanshah in comparison with standard (2005). Summary of papers of the first national standard conference on health development. May 1st, 2007, Kermanshah: pp. 27-26. - Oral
 16. Ebrahimi Ehtaram, Azizi Ali, Amirian Marzieh, Amirian Farhad. Epidemiological Investigation of Drugs in Self-Addicts Referred to Fariba Hospital Addiction Center, Kermanshah (82-83). Journal of Eastern Medicine Special Journal of the fourth global drug addiction. 26-24 May 2008, Zahedan: p. 119- Oral
 17. Azizi Ali, Amirian Farhad, Amirian Marzieh, Ebrahimi Prevalence of HIV / AIDS, hepatitis B and hepatitis C in addicts referring to addiction treatment center of Farabi hospital in Kermanshah (82-83). Journal of Eastern Medicine Special Journal of the fourth global drug addiction. 26-24 May 2008, Zahedan: p. 35

8. Project

1. Evaluation of health and disease in Kermanshah community-based medical education, 1999
2. Investigation of iodine content in salts consumed in Kermanshah, 1999
3. Internal Evaluation of Social Medicine Department of Kermanshah University of Medical Sciences, 2002
4. Health Needs Assessment of the Population Covered by Shahid Rajaee Health Center of Kermanshah, 2003

5. Determination of Satisfaction of Imam Khomeini Relief Committee on Health Services and Comparison with Pensioner Satisfaction, Pensioners and Survivors Covered in Kermanshah Province, 2003
6. A Survey of Population Health Needs Covered by Kermanshah Population Research Database, 2003
7. Assessment of Socio-Economic Status of Kermanshah Suburbs Prior to Implementation of World Bank Projects, 2005
8. Relationship between DMF and BMI in Kermanshah Primary School Children, 2005
9. Epidemiologic study of Color blinding patients referred to Samen Clinic during, 2005
10. Evaluation of knowledge, attitude and practice of parents with under-five year old children with fever in Kermanshah area under Social Development Research Center, 2009
11. The Role of Cultural Capital as a Determinant of Life Satisfaction and Health-Related Lifestyle in West and Northwest Iran, 2018
12. Evaluation of Spiritual Health Status in Kermanshah Province and its Relation to Economic and Social Situation in 2017-2019
13. Evaluation of spiritual health status in Kermanshah province and its visualization using GIS, 2019
14. Evaluation of biological system efficiency of removable bed biofilm in synthetic wastewater treatment with diazinon pesticide, 2018
15. The relationship between socioeconomic status and body management and health promoting lifestyle in western Iran, 2019
16. Study of the Spatial Pattern of Mortality from Urinary and Genital Diseases Using Geographic Information System (GIS) - Iran Case Study, 2018
17. Investigation of the Impact of Climate Factors on the Spatial-Temporal Pattern of Heart Disease Mortality Using GIS - A Case Study of Iranian Cities, 2018
18. Heart Disease Registration System in Pregnancy, 2019
19. Evaluation of concentration of arsenic, cadmium and lead as heavy metals and also of microbial contamination in different types of children's play dough, 2020
20. Study of the ten-year mortality rate and trend in Kermanshah province (2012-2021)
21. Study of the prevalence of arbitrary antibiotic use and its associated factors in the two-year follow-up phase of the Ravansar cohort
22. Study of the relationship between the dietary plant index and the fatty liver index in the Ravansar cohort
23. Study of the five-year trend of the prevalence of hypertension in Kermanshah province during the years 2017- 2021
24. Study of the prevalence of gestational trophoblastic tumors in Imam Reza Hospital, Kermanshah and its associated factors during the years 2018- 2022
25. The effect of different types of Covid-19 vaccination on reducing the risk of its mortality in Kermanshah province
26. Study of the frequency of premature rupture of membranes (PPROM) in pregnant mothers hospitalized in Imam Reza Hospital, Kermanshah and their maternal, fetal and neonatal outcomes during the years 2.22- 2.23
27. Study of the frequency of Pap smears Abnormality performed at Razi Hospital, Kermanshah during 2011- 2021

28. Investigation of the frequency of abnormal ultrasounds in pregnant mothers referring to clinics of Kermanshah University of Medical Sciences and Imam Reza Hospital and their maternal and fetal outcomes in 20.22- 2023
29. Investigation of the relationship between fetal thymus size and gestational diabetes
30. Determination of epidemiological findings of morphea A and lichen sclerosis in biopsies of patients referring to Mahdiah Clinic in 2016-2019
31. Investigation of the frequency and outcomes of male breast cancer in patients referred to Imam Reza Hospital, Kermanshah (2011-2019)
32. Investigation of the ten-year trend of types of tuberculosis in Kermanshah province (2019-2020)
